## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of  
Marine Raider Foundation  
San Juan Capistrano, California

### Opinion

We have audited the accompanying financial statements of Marine Raider Foundation, (a California nonprofit corporation), which comprise the statement of financial position as of December 31, 2023 and the related statement of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Marine Raider Foundation as of December 31, 2023 and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Marine Raider Foundation and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Marine Raider Foundation's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

## INDEPENDENT AUDITOR'S REPORT (CONTINUED)

### *Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Marine Raider Foundation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Marine Raider Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

MARINE RAIDER FOUNDATION  
(A NON-PROFIT CORPORATION)  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2023

NOTE 1 – NATURE OF ACTIVITIES

Nature of Activities

The Marine Raider Foundation (the “Foundation”) is a nonprofit public benefit Foundation, incorporated in April 2011. The primary purpose of the Foundation is to provide benevolent support to active duty and medically retired “MARSOC” personnel and their families, as well as to families of marines and sailors who have lost their lives in service to our nation.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Foundation have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America. The financial statements are presented in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958 dated August 2016, and the provisions of the American Institute of Certified Public Accountants (AICPA) “Audit and Accounting Guide for Not-for-Profit Foundation” (the “Guide”).

Under the provisions of the Guide, net assets and revenues, and gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Foundation and changes therein are classified as follows:

Net Assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Foundation. The Foundation’s board may designate assets without restrictions for specific operation purposes from time to time.

Net Assets with donor restrictions: Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Foundation or the passage of time. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity.

Contributions

Unconditional contributions are recognized when pledged and recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Gifts of cash and other assets are reported with donor restricted support if they are received with donor stipulations that limit the use of the donated assets.

MARINE RAIDER FOUNDATION  
(A NON-PROFIT CORPORATION)  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2023

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions (Continued)

When a restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, net assets with donor restrictions are classified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Donor-restricted contributions whose restrictions are met in the same reporting period are reported as net assets without donor restriction support. There were no donor-restricted contributions for the year ended December 31, 2023.

Contributions - In-Kind

The Foundation receives donated services from unpaid volunteers assisting the Foundation in fundraising events. Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Center. Services have not been valued and have not been recognized in the accompanying statements of activities for the year ended December 31, 2023 as they do not meet the requirements for recognition.

The Foundation also received online marketing services through a corporate grant as well as donated supplies. The Foundation recognizes in-kind contribution revenue and a corresponding expense in an amount approximating the estimated fair value at the time of the donation. Fair value is provided by the grantor for marketing services and by the vendors providing supplies for fundraisers. The total amount recognized for marketing and other services as of December 31, 2023 was \$40,715. The total amount recognized for donated supplies as of December 31, 2023 was \$37,925. Contributions received in-kind were fully utilized during the year ended December 31, 2023, and were allocated to supporting services in full.

Concentration of Credit Risk

The Foundation's principal financial instruments subject to credit risk are its cash, cash equivalents and investments. The Foundation maintains cash and cash equivalents at third party financial institutions. Accounts at these institutions are insured by the Federal Deposit Insurance Corporation (FDIC) or by the Securities Investor Protection Corporation (SIPC). From time to time total cash and cash equivalents and investments deposited with these institutions, by the Foundation, may exceed amounts covered by the FDIC and SIPC. It is the opinion of managements that the solvency of these financial institutions is not of concern at this time.

Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment in the near term could materially affect the assets reported in the financial statements. Historically, the Foundation has not incurred any significant credit-related losses and believes it is not exposed to any significant risk on its concentrations.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash Equivalents

The Foundation considers all short-term investments with maturity of three months or less when purchased to be cash equivalents.

Investment Valuation and Income Recognition

Investments consist of money market funds, fixed income and equity exchange traded funds (ETF). Investments are stated at fair value based on quoted market closing prices in active markets in which the investments are traded. The Foundation has all its investments in managed accounts.

Net appreciation (depreciation) in the fair value of investments, which consists of realized gains or losses and the unrealized appreciation (depreciation) on those investments, is presented in the statement of activities as investment return. Investment return is presented net of investment fees. The specific identification method is primarily used to determine the basis for computing realized gains or losses.

Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability, otherwise known as the “exit price”, in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurement.

Income Taxes

The Foundation is a not-for-profit Foundation that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and did not conduct unrelated business activities. Therefore, the Foundation has made no provision for federal or state income taxes in the accompanying financial statements. The Foundation's tax returns are generally subject to examination by taxing authorities for a period of three years from the date they are filed.

Advertising

The Foundation expenses advertising costs as they are incurred. Advertising expenses amounted to \$45,139 during the year ended December 31, 2023. \$40,117 of these expenses were provided through in-kind contributions.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accounting Estimates

Preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Functional Allocation of Expenses

The costs of providing the various programs and activities have been summarized on a functional basis in the statement of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services based on specific identification, and certain costs have been allocated based on personnel time.

NOTE 3 – NET ASSETS – QUASI-ENDOWMENT FUND

The Foundation has a quasi-endowment fund which is classified and reported based on the funds designated by the Board of Trustees to function as endowment for unanticipated liquidity needs. The total board restricted quasi-endowment funds are \$801,014 at December 31, 2023. The Foundation initially invested \$500,000 in investments detailed in Note 6. The Foundation does not intend to spend from this quasi-endowment unless necessary to meet the cash needs for general expenditures. Its policy is to reinvest all interest, dividends and realized gains after management fees are paid. The fair value at December 31, 2023 was \$801,014. In the current year, the net investment return was \$93,079. There were no appropriations for expenditures in the current year.

NOTE 4 – LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The Marine Raider Foundation has \$998,242 of financial assets available within one year of the statement of financial position date to meet cash needs for general expenditures consisting of cash and cash equivalents. None of the total financial assets are subject to donor restriction that make them unavailable for general expenditure within one year of the statement of financial position.

The Foundation has a policy to structure its financial assets to be available as its general expenditures, liabilities and other obligations come due. As described in Note 3, the Foundation also has a quasi-endowment valued at \$801,014 at December 31, 2023. Although the Foundation does not intend to spend from its quasi-endowment, amounts could be made available if necessary.

NOTE 5 - FAIR VALUE MEASUREMENTS

FASB ASC 820-10 regarding fair value measurements clarifies the definition of fair value for financial reporting and establishes a three-tier hierarchy as a framework for measuring fair value which requires an entity to give the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements) when measuring fair value. The three levels of the fair value hierarchy under this standard are as follows:

- Level 1 - Inputs are unadjusted quoted prices for identical instruments in active markets.
- Level 2 - Inputs are input other than quoted prices included within Level 1 that are directly or indirectly observable, such as quoted prices for similar instruments in active markets, or quoted prices for identical or similar instruments in inactive markets.
- Level 3 - Inputs are unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions, such as valuations derived from techniques which one or more significant value drivers are observable.

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of assets and liabilities and their placement within the fair value hierarchy levels.

The following table lists the Foundation's financial assets as of December 31, 2023. The assets have all been measured at fair value on a recurring basis using Level 1 inputs.
