WHO

WE ARE

ABOUT

MARSOC is the Marine Corps service component to the U.S. Special Operations Command (USSOCOM). MARSOC trains, equips & deploys task-organized, scalable & responsive Raider teams in support of Combatant Commanders & other agencies.

Raiders conduct foreign internal defense, special reconnaissance & direct action missions across the globe as assigned by USSOCOM on a priority basis.

MARINE RAIDER FOUNDATION

The Marine Raider Foundation is a 501c3 non-profit that provides benevolent support to active-duty and medically retired MARSOC Raiders and their families, as well as the families of MARSOC Raiders who have lost their lives in service to our Nation. The Foundation aims to meet needs unmet by the government with an emphasis on building personal and family resiliency and supporting the full reintegration of MARSOC Raiders following wounds, injuries and extended deployments.

MISSION PROGRAMS

TRAGEDY ASSISTANCE & SURVIVOR SUPPORT

Assistance for wounded, ill or injured during combat or training exercises. We also provide funding to support rehabilitation, health and performance programs and equipment.

RAIDER SUPPORT

Tools and assistance to provide personal and professional growth for Raiders leaving the military.

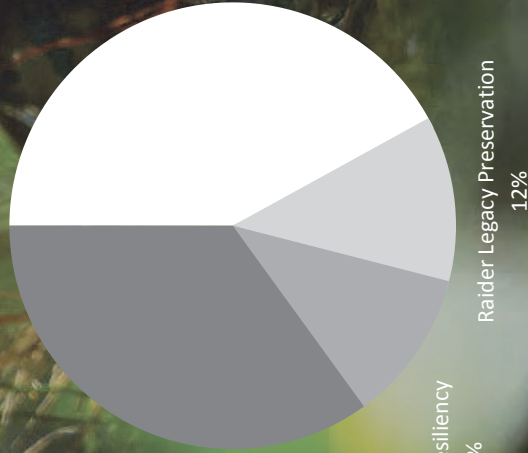

RAIDER LEGACY PRESERVATION

Programs to commemorate the name and legacy of the Raiders.

FAMILY RESILIENCY

Immediate family members who are facing difficult and challenging experiences will receive support through programs that bolster health, welfare, and resiliency.

CHARITY RATING

The Marine Raider Foundation is rated as a Four-Star Charity with Charity Navigator and has earned Platinum status - the highest nonprofit ranking - via Candid (formerly Foundation Center and GuideStar).

Candid requires at least five years of financial information to achieve a Platinum rating and both information services require detailed reports on program spending, fundraising, administrative costs, and IRS verification.

Charity Navigator's ratings show charitable givers/social investors how efficiently a charity will use their support today, how well it has sustained its programs and services over time, and their level of commitment to good governance, best practices, and openness with information.

Candid (formerly GuideStar) is the world's largest source of information on nonprofit organizations. They list information on every nonprofit registered with the

IRS as tax exempt, as well as data on former nonprofits. Candid obtains the information from the nonprofits themselves, the federal government, and partners in the nonprofit sector.
